

SOON MINING LIMITED (ASX: SMG)

### **UPDATES ON GHANA PROJECT**

Soon Mining Limited (“Soon”) is pleased to announce, the equipment purchased by Sunlake International Management Consulting Co. Ltd on behalf of the Company arrived in Ghana in the later part of November after delays caused by shipping schedules. The process of customs clearance and all relevant procedures have been completed by the Company. The machinery and equipment is stored in a secure place while waiting for the next stage of testing.

As the negotiations between Ghana Government and local villagers has not yet been completed, the progress of the EPA remains at the Environmental Impact Assessment (EIA) stage. The Company is engaged with influential local personalities and mineral experts in order to complete the negotiation efficiently and obtain the EPA permit as soon as possible to commence gold mining.
